Delaware County Opiate Action Plan — Logic Model

Inputs

Education & Prevention

1. Elementary & middle school programs
2. Peer Leadership Retreat (7th & 8th grade)
3. Mentoring program (ages 10-14)
4. Parent & teen programs
5. Recidivism Program
6. *Wellness Initiative for Senior Education (WISE)* Program
7. Drug Free Delaware Coalition
8. Alcohol & Drug Abuse CHIP Workgroup
9. Drug Liaison
10. School Resource Officers (SRO)
11. School prevention coordinator
12. Community education
13. Mental health & alcohol/ drug professionals in schools
14. Full-time, licensed social worker at SourcePoint

Monitoring & Disposal

1. Drug drop-off boxes, drug take-back days & drug disposal bags
2. Medication safes
3. Ohio Automated Rx Reporting System (OARRS)
4. EpiCenter

Enforcement & Supply Reduction

1. Drug Tip Line
2. Delaware County Drug Task Force
3. Trained law enforcement on Crisis Intervention Teams (CIT)
4. Multi-Agency Crisis Intervention Team (MACIT)
5. Community Engagement Officer
6. Delaware County Community Corrections Planning Board
7. Drug Treatment Court

Treatment

1. Rapid Engagement Specialist
2. Medication-assisted opioid treatment (Suboxone, Vivitrol, Methadone)
3. Offender re-entry services
4. Outpatient drug treatment & counseling
5. Delaware County Reentry Coalition
6. Recovery housing
7. Families in Recovery Program
8. Faith-based organizations' support

Harm Reduction

1. Naloxone availability
2. Trained first responders, providers & community members to administer Naloxone
3. HIV test availability

Activities

Education & Prevention

1. Implement family-focused campaign on dangers of Rx drug and heroin abuse
2. Pilot evidence-based program in schools on dangers of Rx drug and heroin abuse
3. Support policy changes that require parents/ students involved in school-sponsored activities to attend an education presentation
4. Implement programming: elementary & middle school education, parent & teen education, peer leadership retreat, mentoring program, community education, Recidivism program, WISE program
5. Distribute resource cards to family/friends of overdose victims
6. Create county opiate "hub"
7. Distribute medication safety information to older adults; availability at physician offices
8. Implement physician patient screening (SBIRT)
9. Implement a system change to decrease Rx drugs dispensed by health care system

Monitoring & Disposal

1. Provide opportunities for the disposal of unwanted or expired medication through drug drop-off boxes, take-back days & disposal bags
2. Provide medication safes for older adults to properly secure Rx drugs
3. Promote the effective use of OARRS per state requirements
4. Respond to EpiCenter overdose anomalies when overdose visits to ER/ urgent care centers increase above expected threshold.
5. Recruit pharmacist to champion pharmacists' opiate response in Delaware County

Enforcement & Supply Reduction

1. Promote the Drug Tip Line
2. Provide awareness of purpose and duties of the Delaware County Drug Task Force
3. Provide CIT training to law enforcement
4. Implement the MACIT
5. Share Delaware Police Department CIT data collection & information with mental health system
6. Provide law enforcement mental health transports through the use of off-duty/special duty officers
7. Provide Community Engagement Officer to assist with linking opioid-addicted individuals with treatment
8. Provide co-response approach for linkage service follow-up
9. Continue the Delaware County Community Corrections Planning Board

Treatment

1. Provide a Rapid Engagement Specialist to link users to treatment
2. Provide 24 hour follow-up with families of loved ones referred
3. Distribute information at hospital discharge
4. Support medication-assisted opioid treatment for addiction
5. Offer drug treatment court for individuals involved in the criminal justice system
6. Provide jail & re-entry services
7. Coordinate the Delaware County Reentry Coalition
8. Provide detox, inpatient treatment & outpatient counseling services
9. Support recovery housing
10. Provide family education
11. Provide support through faith-based organizations
12. Implement Probation Incentive Program

Harm Reduction

1. Support policy changes that allow first responders to administer Naloxone
2. Distribute Naloxone kits and provide training
3. Provide HIV and Hepatitis C testing
4. Develop and implement a needle exchange program

Outcomes

1. **Increased community knowledge of opioid-related resources.**
2. **Increased access to mental health & treatment services.**
3. **Reduction in jail re-entry due to opiates.**
4. **Increased use of opioid-prescribing best practices by physicians & ERs.**
5. **Reduction in the number of unintentional drug overdose deaths.**
6. **Reduction in drug dependence and abuse.**
