Evaluation of SOQ

Statements of Qualifications will be evaluated on the following criteria:

- Competence of the professional design firm and all consultants to perform the required professional design services as indicated by the technical training, education, and experience of the firm's personnel, especially the technical training, education, and experience of the employees within the firm who would be assigned to perform the services.
- Ability of the firm in terms of its workload and the availability of qualified personnel, equipment, and facilities to perform the required professional design services competently and expeditiously.
- Past performance of the firm as reflected by the evaluations of previous clients and with the BOH, Delaware City and/or Delaware County, Ohio with respect to such factors as control of costs, quality of work, and meeting of deadlines.
- Knowledge or past experience in the construction and design of like projects.
- Location of the firm in relation to the project site.
- Any other relevant factors as determined by the public authority.

As required by R.C. §§ 153.65 to 153.71 the responding firms will be evaluated and ranked in order of their qualifications by a selection committee based on proposals and any conducted interviews. Dependent on the total number of proposals submitted, the selection committee may short list the top firms and conduct interviews with the short-listed firms only. Upon ranking of at least the top three firms, Board may enter into contract negotiations with the firm ranked most qualified. If no agreement can be reached with the first firm, the public authority shall inform the firm in writing of the termination of negotiations and may enter into negotiations with the firm ranked next most qualified. If negotiations again fail, the same procedure may be followed with each next most qualified firm, until a contract is negotiated.
